

## Less Mess Storage - Who Are We?

Less Mess Storage is the favourite self storage company in Poland and the Czech Republic.

We are here to improve the quality of life for our customers. We are here to help, especially during stressful moments such as moving house or renovating.

We are here to support both small and large businesses with their storage needs, offering flexible and straightforward solutions.

### Everything we do at Less Mess is based on three principles:

- **Do the right thing**
- **Be the best**
- **Have fun**

In Poland, we have 13 branches located in five cities: Warsaw, Poznań, Wrocław, Tricity, and Kraków. In the Czech Republic, we have four branches in Prague.

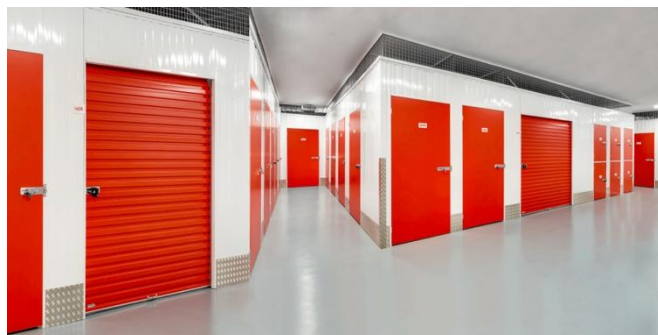

## Our Offer

### What is Self Storage?

Storage units available for both private individuals and businesses.

### We offer our customers:

- Various unit sizes for rent – starting from just 0.5 m<sup>2</sup>
- 24/7 access
- Flexible rental periods
- Professional security systems
- Optimal storage conditions
- Additional services, such as the sale of boxes and packing materials, as well as parcel logistics support

### Sustainability Matters to Us

All our new locations, opened since 2017, are equipped with pioneering green technology, enabling an almost zero carbon footprint. We combine cutting-edge technology – solar panels, ground heat exchangers, and ventilation systems – to provide perfectly climate-controlled storage conditions. We do not even have gas connections for conventional heating; we simply do not need them.

Less Mess not only ensures optimal storage conditions using our innovative technology but also contributes to improving air quality and reducing CO<sub>2</sub> levels.
